NOTES TO FINANCIAL STATEMENTS

1. CORPORATE AND GROUP INFORMATION

AviChina Industry & Technology Company Limited (the “Company”) was established in the People’s Republic of China (the “PRC”) on 30 April 2003 as a joint stock company with limited liability under the PRC laws as a result of a group reorganisation of China Aviation Industry Corporation II (“AVIC II”). AVIC II merged with China Aviation Industry Corporation I (“AVIC I”) to form Aviation Industry Corporation of China (“AVIC”) on 6 November 2008, and AVIC became the holding company of the Company thereafter. The Company’s H shares were listed on the Main Board of The Stock Exchange of Hong Kong Limited (“Hong Kong Stock Exchange”) on 30 October 2003. The address of its registered office is 8th Floor, Tower 2, No.5A Rongchang East Street, Beijing Economic Technological Development Area, Beijing, the PRC.

The Company and its subsidiaries (the “Group”) are principally involved in the research, development, manufacture and sale of aviation products and the delivery of aviation engineering services such as planning, design, consultation, construction and operation.

In the opinion of the directors of the Company (the “Directors”), the holding company and the ultimate holding company of the Company is AVIC, which is a state-owned enterprise under the control of the State Council of the PRC government.

2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRSs”) issued by the International Accounting Standards Board (“IASB”), and the disclosure requirements of the Hong Kong Companies Ordinance.

They have been prepared under the historical cost convention, except for available-for-sale investments and financial assets held for trading which have been measured at fair value. These financial statements are presented in Renminbi (“RMB”) and all values are rounded to the nearest thousand except when otherwise indicated.

Restatement of prior year’s financial statements due to business combinations involving entities under common control

On 30 September 2015 and 10 March 2016, the Company entered into an Equity Transfer Agreement, a Supplementary Agreement and a Share Issuance Agreement (collectively “the Agreements”) with its parent company AVIC to acquire 100% of the equity interest of AVIC Planning at the consideration of RMB2,173,281,600. The number of consideration shares issued by the Company to AVIC was 491,692,669 shares at the issue price of RMB4.42 per consideration share. AVIC Planning is a subsidiary of AVIC. It is controlled by AVIC before and after the combination, and that control is not temporary. Therefore the business combination is involving entities under common control. In accordance with the Agreements, the consideration shares were fully issued by the Company on 28 June 2016, and on the same date the Company obtained the control over AVIC Planning. 28 June 2016 is determined to be the date of acquisition.

Given that AVIC Planning is under common control of AVIC before and after the business combination, and that control is not temporary, the Company applied the principles of merger accounting in preparing these consolidated financial statements of the Company.

By applying the principles of merger accounting, these consolidated financial statements of the Company also included the financial position, profit or loss, comprehensive income and cash flows of AVIC Planning as if it had been combined with the Group throughout the year ended 31 December 2015, and from the earliest date presented.
